ACRE always points our tenants in the right direction. We've developed lasting relationships with our clients by having in-depth market knowledge, strong community relationships; we know what's happening before it happens! We negotiate the best possible terms for your lease, analyze your occupancy needs, assist with expansion or right-sizing, and what motivates real estate owners. This allows our clients to focus on what matters most- running a business.

“

I truly appreciate all of your hard work and dedication to Phenix!! You've been absolutely awesome and I feel you are a huge asset to our team.

Betsy Owens, Managing Partner of Phenix

"We had the pleasure of working with ACRE Commercial and the level of service was received left a lasting impression! What really sets ACRE apart is their constant communication, follow-up and their ability to negotiate on behalf of their clients. Acre is our go to for all things commercial and their will and ability to do what is best for their clients is unmatched in this industry!"

Stephanie Rosh- Grain & Berry Franchisee

“

"I have been representing expanding retailers for the past 30 years. They include Sunglass Hut, General Nutrition Centers (GNC) and for the last 17 years Family Dollar Stores owned by Dollar Tree. I must commend you on the 8 hour site tour we had today with my expanding franchisee Kevin Carmean. Your preparation, thoroughness and attentiveness to the site tour package was evident. It was so obvious you have done this many times before. You not only knew the market, but the demos, expanding retailers and the history of random buildings we passed throughout the tour. You shared an in-depth knowledge of EVERY trade area we toured."

Dan O'Connell- Director of Real Estate for United Franchise Group

“

"You have been absolutely a fantastic help, and surely have assisted us outside of the scope of your job duties. I could not have answered almost all of the questions without you and you have patiently taught me so much."
