The secret is out- St. Petersburg is a great place to live. Local housing costs falling below the U.S. average and the city's Guinness World Record for 768 consecutive days of sunshine are just two attributing factors to the rapid growth of this urban landscape. Residents of Downtown St. Petersburg enjoy the live, work, play balance that this city boasts.

THE HISTORIC GAS PLANT DISTRICT REDEVELOPMENT

When the Tampa Bay Rays announced they are “here to stay” in September 2023, the City of St. Petersburg agreed to move forward with the new state-of-the-art ballpark along with the redevelopment of the 86-AC Historic Gas Plant District. The redevelopment agreement focuses heavily on the equitable, intentional, and restorative delivery of community benefits and economic impact, specifically to honor the legacy of the Historic Gas Plant District neighborhood’s residents and businesses. The project will be done in two phases with construction of the first phase beginning late 2024. Upon completion the redevelopment will include 4,800 residential units, 1,200 workforce residential units, 1.4M sf of office/medical space, 750k sf of retail space, 750 hotel rooms, 4,000 seat concert venue, 100k sf of conference/meeting space, 14 AC park/open space, 30k capacity ballpark, and 14k parking spaces.

PROPOSED

trail crossing

Linear Cultural Park is comprised of four blocks of underutilized surface parking beneath I-275. It is proposed as a public-private partnership that activates a desolate area under the interstate and creates a public park with safe crossing to access the Pinellas Trail that will be designed and programmed to include walking and bicycle paths, lit art walls, a children's area, container buildings, beer garden, dog park, art sculptures, art murals, green amphitheater and more.

pinellas

trail

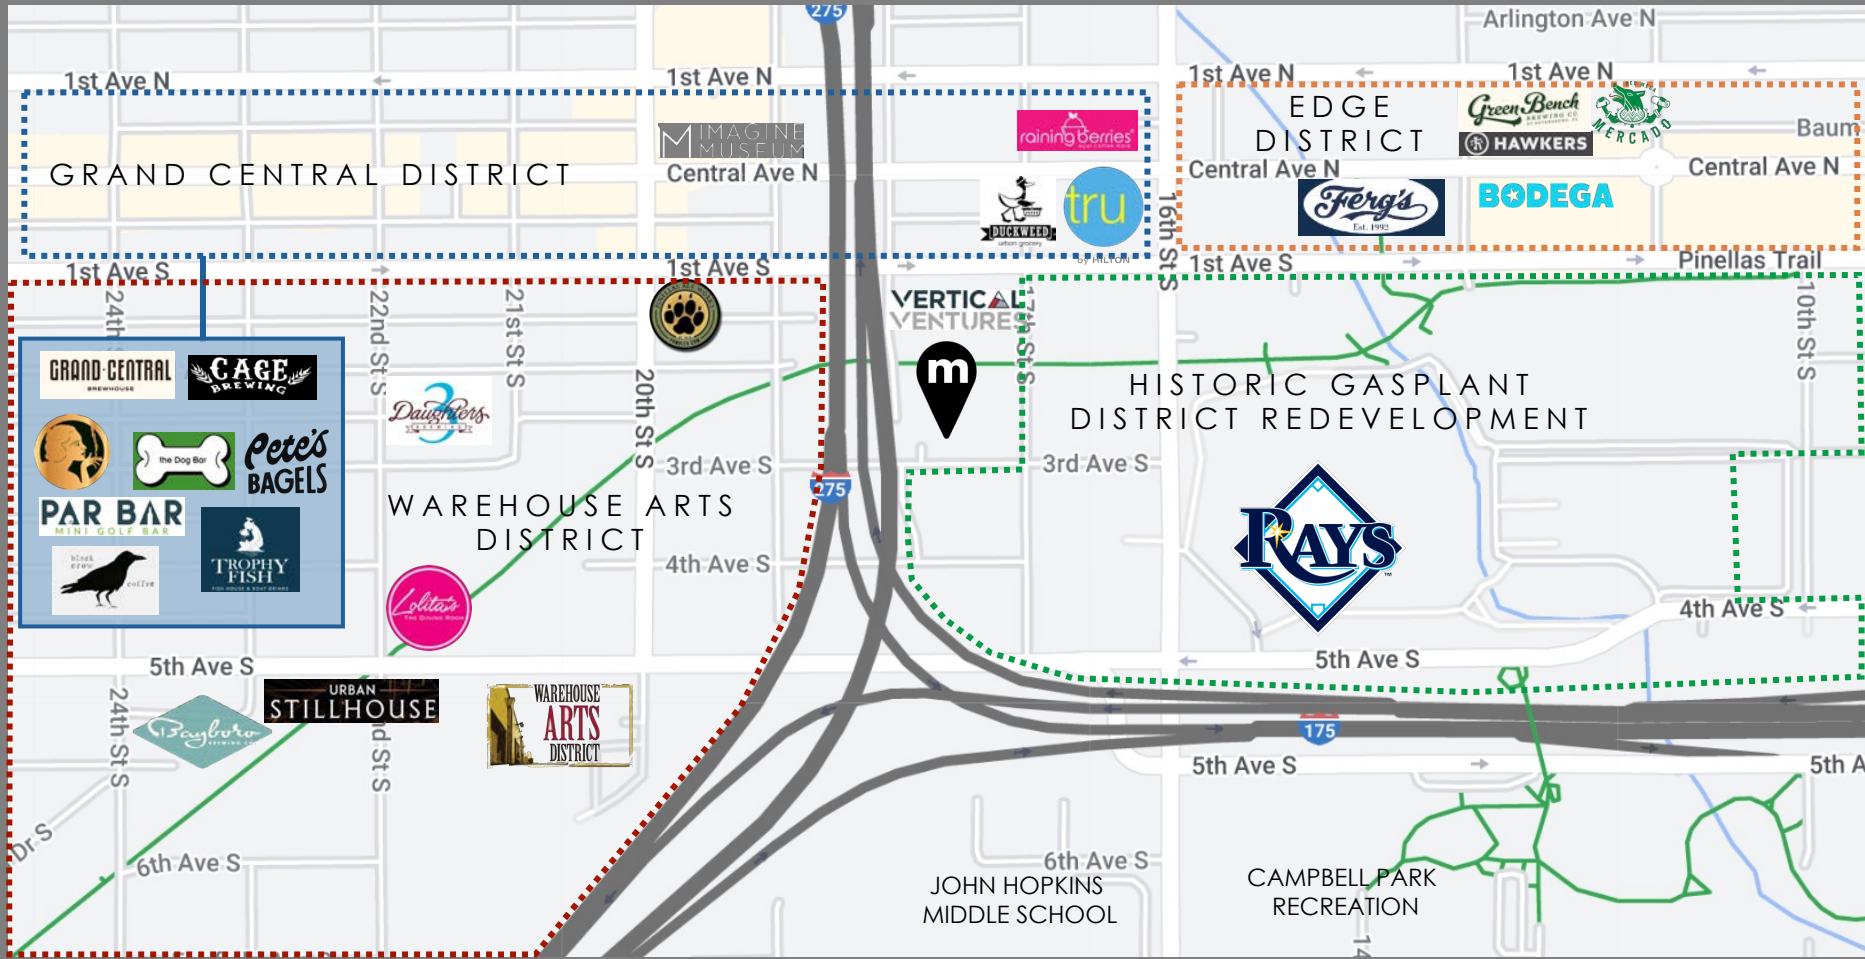

As noted in its name, Modera on the Trail sits on the Pinellas Trail which is a 75-mile continuous multi-use trail extending from St Petersburg to Tarpon Springs. Attracting more than 2M visitors annually, the Pinellas Trail provides a unique, protected greenspace for jogging, skating, and biking. It also offers regional connections to Hillsborough and Pasco County trail networks as well as the 250-mile Florida Coast-to-Coast Connector trail.
